

Rosemont School-Policy on School Trips Abroad

Reviewed: 2019

Due for review: 2021

The Board of Management of Rosemont supports and encourages school tours. It concurs with Department of Education guidelines which state that:

"the objective of educational tours for schools should be that they be of benefit in the intellectual, cultural and social development of the pupils taking part in them and any activity, in connection with the tour, which is in conflict with this objective is to be avoided".

School tours are categorised under two headings: those which are demanded by the particular curriculum subject, such as field trips and those which deepen the student's knowledge and understanding of the cultural, social and physical aspects of the areas or countries visited. Student tours to develop linguistic skills are an example of the latter. This policy document outlines Rosemont's policy on school trips abroad.

To reflect a world which is developing and changing, current educational philosophy recommends that students have first-hand experience wherever possible. School tours allow learning to extend beyond the walls of the classroom and as such are an integral part of a balanced educational process. School tours require good preparation and organisation to optimise the learning experience for students.

The Board would hope that all school trips and tours would have a beneficial effect on students, enhancing both their academic prowess and their social skills.

Students and parents/guardians shall be acquainted in advance of the tour with rules, regulations and special requirements of that tour.

Procedures for Tours

1. The approval of any school tour must be sought and obtained from the Principal and the Board of Management. The Principal and the BOM reserve the right to cancel any school tours, if deemed necessary, with appropriate notice given to parents and students.

2. It is for the Principal to decide which teachers/adults will organize the tour and accompany the students. Prior to departure, one teacher shall be appointed as tour leader(s). It is recognised that the organisation of or participation in any school tour is voluntary on the part of teachers.

3. Once the Principal has been appraised of all the details of a tour and has given its approval, then the tour leader(s) is/are fully empowered to proceed with the tour.

4. Adequate arrangements for supervision of all students will be arranged as well as appropriate insurance. The ratio of teachers to pupils is at the discretion of the Principal and will reflect the level of risk of the activity. The ratio of teachers to pupils will be increased as the degree of difficulty or danger increases. The following will be considered:

- The age and maturity of the pupils involved
- The number of pupils travelling
- The location of the trip
 - The length of the trip
- Additional supervision which may be provided at the destination point
- The type of transport used

All adults travelling with students will be fully Garda vetted in accordance with JMB guidelines.

5. Students and parent(s)/guardian(s) have already acquainted themselves with the school's Code of Behaviour and have agreed to abide by it. Students and parents/guardians shall be acquainted in advance of the tour with any particular rules, regulations and special requirements of that tour. Parents/guardians shall be given an outline of the purpose, itinerary, dates and costs of the tour before a deposit is sought. Each student and her parent(s)/guardian(s) shall be given a form outlining the rules, regulations and special requirements and they shall be required to sign that (i) they understand the rules and (ii) they are willing to abide by them at all times.

6. A list of all students intending to travel must be submitted to the Principal *prior to booking*. The inclusion of particular students in a school tour shall be at the discretion of the school authorities.

The Board of Management specifically wishes to draw attention to the following:

- (i) Students must obey members of staff at all times.

(ii) Students must stay with the tour group. A student may not leave the venue, go off by herself or wander off anywhere alone: students must stay in group supervision at all times. Students must be particularly vigilant on public transport to remain with the group at all times.

(iii) During normal school days, the Smart Phone Usage policy applies. However, it is recognised that some adaptation of that policy is required when students are away on school trips. Hence, the following policy applies on school trips: Students may not use devices to record, transmit or post photos or videos of staff or students on the trip except when authorised by their teacher and given explicit consent by the students and/or teachers concerned. All photos/videos taken will only be used for the purpose for which they were intended and authorised. Photos or videos taken (with consent) may not subsequently be shared on social media without the explicit consent of the students and/or teachers concerned.

(iv) Students must not purchase alcohol or tobacco products for any purpose at any stage of the tour.

(v) The use of alcohol or other non-medically prescribed drugs by students on a tour is absolutely forbidden.

(vi) The Board of Management requires parent(s)/guardian(s) to guarantee that when their daughter comes to the school to assemble for the start of a school tour, she does so free of illegal substances either on her person or in her luggage.

(vii) Students are representing Rosemont when on school tours, and so are expected to dress appropriately. Guidelines on standard of dress will be given to students in advance.

7. Parent(s)/guardian(s) shall be required to sign a consent form which will allow medical advice to be followed in the event of injury/illness and where it is not possible to contact them in the time available. In the event of accident or injury, medical opinion will be sought immediately and best practice will be followed. Parent(s)/guardian(s) will be contacted as soon as is practically possible.

8. Parent(s)/guardian(s) shall be required to give details of phone numbers for contact in the event of an emergency on a twenty-four hour basis for the duration of the tour. Mobile telephone will be supplied to tour leader for school tours. The number of the phone will be given to parent(s)/guardian(s) and students prior to departure for use only in case of emergency.

9. Parent(s)/guardian(s) shall be requested to inform the tour leader in writing of any special medical needs or medication required by their daughter while on the tour.

10. Students on tours within the European Union shall be required to have a completed E111 form and a valid passport.

11. Students will pay school tour fees directly to the bonded travel agent, not the school.

12. Students who are behind in payment of school fees shall not be allowed to register to take part in the tour. Management reserve the right to refuse any student they deem unsuitable for the trip; those considered unsuitable would include:

Students who have proved unruly or undisciplined on trips in the past

Students who have a poor discipline record in school.

Students who become involved in serious discipline issues subsequent to booking a place on a school trip may be excluded from the trip. In this case, parents are liable for the full cost of the trip.

13. Child protection arrangement on the trip

- The school will communicate with parents and participants with regard to travel times, activity details, suitable clothing requirements, and any other necessary details.
- Accommodation arrangements: adults should never share rooms with children; children should be in single rooms or share rooms with other students under 18 years of age; adults should knock before entering rooms. Should it ever be necessary for a teacher to enter a bedroom where students are staying, two adults should go together
- All group socialisation should take place in communal areas.
- Night sleep periods should be observed and disturbances should be effectively discouraged.
- Students must remain in their assigned rooms for the duration of the night sleep period unless there is a need to contact a teacher in the case of an emergency.

Dear Parents,

We are delighted that your daughter is able to go on the _____ So that the trip will be a complete success we suggest that the following be considered very carefully:

Firstly, students will be requested to participate fully in all activities. In doing this, full co-operation with teachers is of vital importance. Students will be expected to act responsibly towards themselves and others in order to ensure the safety of all.

Secondly, as safety is paramount, and the consumption of illegal substances is unacceptable, students are required to comply with the following for the duration of the trip:

1. Refrain from leaving the hotel bedroom once the teachers have indicated that it is time to retire for the night. This prohibits visiting the rooms of other students, or any other part of the hotel. The only exception is the need to contact one of the teachers, or in the case of an evacuation
2. Refrain from smoking
3. Refrain from drinking of alcohol
4. Refrain from any other illegal substance

Any student found in possession of the above will be asked to return home once her parents have been contacted. In the unlikely event that this might happen, there would be serious consequences and we would also have to consider their future participation in other school outings and tours. This is just a precautionary measure as we are sure none of the students would engage in these activities.

Please sign consent to the above conditions and return to the School by -
